

COMPREHENSIVE TAX COMPUTATION FOR COMPANIES

KUALA LUMPUR 17 APRIL 2019

INTRODUCTION

Under the self-assessment system, all taxpayers are required to know and understand the relevant laws. Equally important would be to approach tax via tax savings or reductions point of view; how do we reduce our taxes at the same time of meeting the requirements. Know the basic rules and minimise the risk and remember, every dollar you save will enhance shareholder value.

This one-day workshop will help in enabling finance and accounting personnel to appreciate the requirements of tax return submissions and help them to prepare or even review a basic tax computation and form C.

EARLY BIRD SPECIAL

Enjoy **10%** savings when you register online at least **one** month before the workshop date.

LEARNING OUTCOMES

- Learn the basic requirements of a company tax computation.
- Compute the top computation and determine what types of income subject to tax and analysis of income and expenses and provision and balance sheet items.
- Learn the calculation of capital allowance.
- Review of main form C items.
- Prepare worksheets (helian kerja) as required.
- Take into account the other items such as single and double deductions.
- Learn the basic public ruling.
- Explore the self assessment system, withholding tax and others.

WHO SHOULD ATTEND

Tax agents, accountants, finance directors, finance managers, business managers and anyone who is interested in this topic area.

PRESENTER

Mr Ravi Balakrishnan
